Be careful not to let the dotted note rhythm trip over. The double stops in Vn.II, 5th interval is used here and there. Please pay attention to play those intervals accurately to sound well. At ※1 (9th measure), hold the 2nd finger (note B) on G string until the 3rd beat of 11th measure. ※2 (30th measure) can be easily played by changing the angle of the 2nd finger.
