

## **Home, Sweet Home**

**Sir Henry Rowley Bishop ~H. Farmer (?)**

Bishop, born in London in 1786, was a composer who established his name in his time. Today his name is only known for this song, "Home, Sweet Home"

Feeling the harmony, the counter-melody should be played seeking balance with the main melody. Don't make it sound heavily. Consider phrasing. In the section C, play pizzicato so that the main melody sounds well. In the section E, both player should play together in terms of the speed and point of bowing. Enjoy the sound.
