

**Londonderry Air**  
**Irish Folk Song**

This is a wonderful arrangement to enjoy the essence of duet for two violins only. The double stops in Vn. II are played with a sound in balance to the melody. Play it so that melody comes out. Vn. I from section A, play modestly until the melody begins. Please be careful of intonation in the Vn. II at 13th measure. Please play the 4th beat of C# higher, particularly. The triplets in Vn. I at 20th measure are to be played with lesser bow and without sliding. For the octave in Vn. I of the 29th measure, you may play only the top note. Please be careful of intonation in the Vn. II. The Vn. II in the 31st measure, play it to the note G. Please pay special attention to the intonation of Vn. II from the 33th measure.
