

Neko Funjatta

Anonym

Neko Funjatta (I Stepped on the Cat) was changed into an excellent piece by Tamaki. The cat dances in various musical styles such as waltz, country and western, and so on.

The second violin player can make various attempts for the sound of crying.

The section B is played in a relaxed way. It is important to play feeling triple time well. In the section D, the accents (>) on the fourth beat should be emphasized and perform the melody considering the structure.

Instead of playing the last bar, you may call "meow." Please enjoy playing the piece.
